Chicken Education & Demonstrations

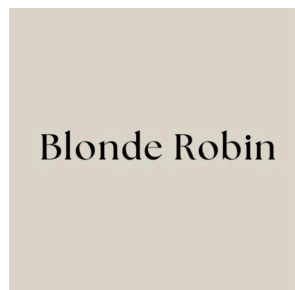

The Tough Street Stadium Project is in full swing!

Construction has begun at the Tough Street Stadium with the intent to be completed by football season. Thanks to the support of our community, the committee has reached its financial goal to proceed with the project. Donations are still being accepted by the Danville Athletic Boosters to direct towards enhancing each feature of the new stadium and field.

For questions about sponsorship and donations, contact Matthew Blum
matthew.blum@danvilleschools.org.

Progress Made in Restoring Memorial Park

With a grant from The Energy Cooperative Operation Round Up Foundation, four electric pedestals have been added to the park, enhancing the park's capability to host vendors and events. New plant beds have been landscaped around the Veterans Memorial. Volunteers have been working hard to paint, clean up, and care for the restorative efforts.
